

Our organization was established for Umpires (members) who have umpired any Regional Tournament in the Western Region and Contributors (at large). Our mission is to further the development of the Little League program by helping volunteer umpires in their efforts to better serve the youth in the program.

We can't accomplish our mission without the support of our members and the general public. To further that mission we are organized as a 501(c)3 non-profit organization providing an opportunity for those who can to make a tax deductible donation.
